

REMARKS

The case has been allowed and the issue fee paid.

The July 7th Official Action noted that drawing Figure 12D was listed in the Brief Description of the Drawings section in the specification but not contained in the Drawings.

This amendment rectifies this situation by amending the Brief Description of the Drawings paragraph in the specification to cancel references to Figure 12D.

As noted, the need to make this amendment was identified by the July 7th Official Action. The required corresponding change in the specification is made herewith.

As the propriety of this amendment under the provisions of Rule 312 seems to be unquestionable, entry of the present amendment is believed clearly to be in order and the same is respectfully requested.

In the event that there are any questions relating to this amendment or to the application in general, it would be appreciated if the Examiner would telephone the undersigned attorney concerning such questions.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any

overpayment to Deposit Account No. 25-0120 for any additional
fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
